Why Manawanui?

Individualised Funding (IF) is a big decision, offering many rewards over provider based support, but it can also bring challenges.

As New Zealand's longest running IF host, and trusted by more Kiwis, we understand these complexities and have developed a comprehensive suite of easy-to-use payroll, scheduling and payment tools to make IF easy.

You can choose and change your host

Individualised funding is about putting you in control – and that includes choosing your IF host.

Every week, Manawanui welcomes customers changing from other IF hosts – our role is to make this transition easy for them – with no disruption to supports and a dedicated coach to ensure a seamless transition. All you have to do is contact your NASC and ask to change to Manawanui.

Contact NASC → **Request Manawanui** → **Complete setup with coach**

Why our customers rave about us

With over 20 years' experience serving more New Zealanders than any other IF host, we have worked hard to maintain the trust and confidence of our customers. In fact, we have customers who have been with us from the inception of Individualised Funding itself! And every week, our customers refer their friends and whanau to us.

We also understand the importance of the individual – our contact centre is available during work hours by phone or email, and every new customer is assigned a personal coach to assist with onboarding.

But we are also a community! Weekly livestreams and our newsletter ensure you are always kept up to date. Our 10k+ strong Facebook community shares great ideas, and we run regular in-person network meetings across the country.

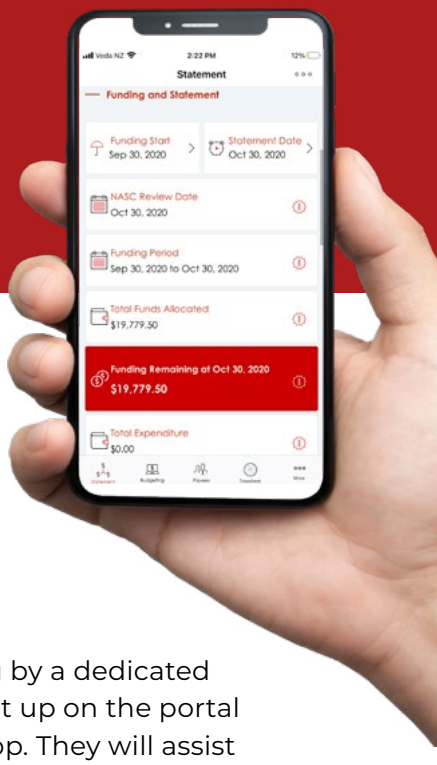

We'd love you to join us!

The benefits of Manawanui

All IF hosts provide a level of flexibility and control beyond what is available through home-based care agencies. Our job at Manawanui is to make it easy for you. Here's how.

World leading portal and app

View your budget balance and check timesheets on the portal in real time, right at your fingertips! No need to contact head office or submit an email.

- load invoices for payment
- track budget and spend
- schedule support workers
- and much more

Get access 24/7 no matter where you are using our app.

Free EMA (Employers and Manufacturers Association) Membership provides you with resources and advice on being an employer.

Add on services

Employment Protection Package is a comprehensive insurance to provide peace of mind as an employer.

If you employ support workers, you can add on Manawanui's Payroll service to take care of your financial obligations. From payslips to payment of ACC levies, payroll makes the admin easy, regardless of how many support workers or care providers you employ.

The personal touch

Personalised onboarding by a dedicated coach ensures you are set up on the portal and trained to use the app. They will assist with employment support and help with loading your budget and timesheets.

Get the latest updates from our weekly livestream - hear from industry experts and Ministry representatives, as well as share and learn from one another.

You are always up to date with our active Facebook community and weekly newsletter.

Network meetings are the highlight for many – an opportunity to come together in your region and meet our team.

Fund for Good

Over $200,000 has been awarded to more than 50 Manawanui clients for projects and equipment that would otherwise not be funded. Fund for Good is proud to have supported new business ventures, allowed families to enjoy activities together, musical talents to flourish, competing in international sporting competitors, and retrain for new skills and more.

Want more flexibility and control?
Ask your needs assessor about changing to Manawanui, or call our team. It's that easy!
